

Career Electronics Systems Technician (Day) (Worcester)

All Massachusetts occupational schools are required to provide students with the following information:

Cost of Program: Tuition: \$23,880 Student Services Fee \$3,000 **Total: \$ 26,880**
These are “**direct costs**” which will be owed to Porter and Chester Institute.

In addition, schools are required to calculate an “indirect cost” figure which reflects an allotment for room, board and transportation. The indirect costs represent standard living expenses and your current expenses for these items may be higher or lower than this standard figure. The indirect costs used by PCI for a student living at home for the duration of this program is \$9,276. The combination of direct and indirect costs is the “total cost of the program”.

The total cost of the program is \$36,156, but remember only the direct costs are paid to PCI. Your Educational Funding Specialist can answer any questions you have about direct and indirect costs.

Graduation: % of students graduated from the program during calendar years of 2015 and 2016: N/A – this program is new and had no graduates in 2015 and 2016.

Graduation Time: The average student is expected to graduate in 12 months. The program is new and has no data yet.

Student Loan Debt: If you choose to access student loans to help finance your education, you must repay money that you borrow as student loans to pay for this program, including interest. You must repay any portion of the money you borrow to pay for this program, even if you fail to complete or you drop out of the program. Failure to repay student loans is likely to have a serious negative effect on your credit, future earnings, and your ability to obtain future student loans.

Loan Nonpayment Statistics: 16.5% of Porter and Chester Institute students whose student loans went into repayment during the time period 10/1/12- 9/30/13 defaulted on, or failed to repay, their loans during the period 10/1/12-9/30/15. This rate reflects students in all programs at all PCI campuses.

Placement Rates: The % of **graduates** during the calendar years of 2015 and 2016 who obtained jobs in their field of study: N/A – this program is new and had no graduates in 2015 and 2016.

Employment Statistics: Employment statistics substantiating these placement rates will be available for inspection on request once there are program graduates to track.
